ABOUT THIS REPORT

This report details findings against the *Standards for Registered Training Organisations (RTOs) 2015*.

The evidence guidance included against each clause is designed to guide the auditor and RTO on the requirements of the clause. The evidence guidance is not designed to limit the audit findings and there may be other factors an auditor takes into consideration when determining whether compliance has been demonstrated.

Where evidence of non-compliance is identified, the '*Reasons for finding of non-compliance*' section of the report will document the issues that were considered in the formulation of a finding of non-compliance.

Standard 1 The RTO’s training and assessment strategies and practices are responsive to industry and learner needs and meet the requirements of training packages and VET accredited courses.

To be compliant with Standard 1 the RTO must meet the following:

1.1 The RTO’s training and assessment strategies and practices, including the amount of training they provide, are consistent with the requirements of training packages and VET accredited courses and enable each learner to meet the requirements for each unit of competency or module in which they are enrolled.

Original finding: Not compliant

Following rectification: Compliant

Evidence guidance	Y	N	N/A
A training and assessment strategy (or strategies) was provided for each training product sampled	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Each strategy is consistent with the requirements of the training product	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Each strategy provides a framework to guide the learning requirements and the training and assessment arrangements of each training product – the macro level requirements of the learning and assessment process	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Each strategy identifies an amount of training to be provided to learners that is consistent with the requirements of the training product	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Each strategy has been consistently implemented	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

NOTE – transition arrangements may apply to this clause for audits conducted prior to 30 June 2015

Reasons for finding of non-compliance:

BSB30412 Certificate III in Business Administration

CUF30107 Certificate III in Media

CUV30311 Certificate III in Design Fundamentals

MSA30208 Certificate III in Manufacturing Technology

- The organisation did not demonstrate that the strategies for the above training products provided an amount of training that is consistent with: (Clause 1.2 (a))
 - The existing skills and knowledge and experience of the learners.

For example, the above strategies do not identify the amount of training and does not provide a rational to support the management of the course in a given timeframe with the targeted client groups such as those wishing to upgrade their skills /knowledge and school leavers.

The organisation was unable to demonstrate that it had a process in place to determine the existing skills, knowledge and experience of learners for the determination of an amount of training to be provided.

In order to become compliant, the organisation is required to:

BSB30412 Certificate III in Business Administration

CUF30107 Certificate III in Media

CUV30311 Certificate III in Design Fundamentals

MSA30208 Certificate III in Manufacturing Technology

- Demonstrate that the strategies for the above training products provide an amount of training that is consistent with: (Clause 1.2 (a))
 - The existing skills and knowledge and experience of the learners.

Analysis of rectification evidence:

- 1) Extract enrolment form
- 2) AIS403 Record of interview – enrolment application
- 3) AOS404 Record of interview- Current skills and knowledge form
- 4) BSB30412 TAS
- 5) CUV30107 TAS
- 6) CUV30311 TAS
- 7) MSA30108 TAS

BSB30412 Certificate III in Business Administration
CUF30107 Certificate III in Media
CUV30311 Certificate III in Design Fundamentals
MSA30208 Certificate III in Manufacturing Technology

- The organisation demonstrated that the strategies for the above training products provide an amount of training that is consistent with: (Clause 1.2 (a))

The existing skills and knowledge and experience of the learners.

1.2 For the purposes of Clause 1.1, the RTO determines the amount of training they provide to each learner with regard to:

- a) the existing skills, knowledge and the experience of the learner;**
- b) the mode of delivery; and**
- c) where a full qualification is not being delivered, the number of units and/or modules being delivered as a proportion of the full qualification.**

Original finding: Not compliant

Following rectification: Compliant

Evidence guidance

Y N

For each training product sampled, the amount of training to be provided identified in each strategy is consistent with:

- the existing skills, knowledge and experience of learners
- the mode/s of delivery
- the number of units and/or modules being delivered

Each strategy is consistent with the AQF volume of learning benchmarks, taking into account the above items

Reference: [AQF](#), [AQF volume of learning](#)

NOTE – transition arrangements may apply to this clause for audits conducted prior to 30 June 2015

Reasons for finding of non-compliance:

BSB30412 Certificate III in Business Administration
CUF30107 Certificate III in Media
CUV30311 Certificate III in Design Fundamentals
MSA30208 Certificate III in Manufacturing Technology

- The organisation did not demonstrate that the strategy for the above training product provided an amount of training that is consistent with:

- o The existing skills and knowledge and experience of the learners.

The non-compliances for Clause 1.2 are reflected in Clause 1.1

In order to become compliant, the organisation is required to:

- The organisation is not required to provide rectification for this clause as Clause 1.2 is covered in the non-compliances in Clause 1.1. The organisations response to Clause 1.1 will be analysed against the requirements of Clauses 1.1 and 1.2.

Analysis of rectification evidence:

- The organisation provide compliant rectification for Clause 1.1 resulting in the requirements of Clauses 1.1 and 1.2 being compliant

1.3 The RTO has, for all of its scope of registration, and consistent with its training and assessment strategies, sufficient:

- a) trainers and assessors to deliver the training and assessment;**
- b) educational and support services to meet the needs of the learner cohort/s undertaking the training and assessment;**
- c) learning resources to enable learners to meet the requirements for each unit of competency, and which are accessible to the learner regardless of location or mode of delivery; and**
- d) facilities, whether physical or virtual, and equipment to accommodate and support the number of learners undertaking the training and assessment.**

Original finding: Not compliant

Following rectification: Compliant

Evidence guidance	Y	N
For all training products sampled, there are sufficient:		
• trainers and assessors	<input checked="" type="checkbox"/>	<input type="checkbox"/>
• educational and support services to meet the needs of learners	<input checked="" type="checkbox"/>	<input type="checkbox"/>
• learning resources that address the requirements of all components of the relevant training product and are accessible to all learners	<input checked="" type="checkbox"/>	<input type="checkbox"/>
• facilities and equipment to accommodate the number of learners	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Consistency is evident between each strategy and the above resources	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Reasons for finding of non-compliance:

- The organisation did not demonstrate that for its application to extend its scope of registration it had sufficient facilities and equipment to accommodate and support the projected and current number of learners.
- The organisation did not demonstrate consistency between resources identified in training and assessment strategies and the availability of those resources to meet learner needs.

For example but not limited to:

- o The delivery site was in the process of an extensive refurbishment, which could potentially provide a suitable environment to accommodate the expected additional learners. However it was not clear if the extensive refurbishment would be completed, fitted out and fully resourced in a time frame that would ensure, if the application was granted, potential students would not be disadvantage due to the lack of facilities.

- The organisation identified unopened boxes of 20 computers it intends to use for its current scope and requested extension to scope. It was not clear how the organisation had determined 20 computers would meet the needs of the students and how it intended to manage the resource as each course would require access on a regular basis.
- The strategy for CUF30107 Certificate III in Media under the physical resource checklist identifies resource requirements such as computer lab with Adobe CS suite, teacher workstation and projector. The organisation was unable to provide evidence of a resourced computer lab.

The strategy is not clear on how the identified resource (computer lab with Adobe CS suite, teacher workstation and projector) would fully meet the requirements of the qualification as some units identified in the strategy list equipment such as printers, scanners, pastels, chalks, darkroom, enlargers, film processing and development requirements, which were not evident in the display area of media resources.

In order to become compliant, the organisation is required to:

- Provide evidence that demonstrates the organisation has sufficient facilities and equipment to accommodate learners.
- Demonstrate consistency between resources identified in training and assessment strategies and the availability of those resources to meet learner needs.

Analysis of rectification evidence:

- 1) Building Photos
- 2) Equipment Photos
- 3) Equipment inventory
- The organisation provided evidence that demonstrates the organisation has sufficient facilities and equipment to accommodate learners.
- The organisation demonstrated consistency between resources identified in training and assessment strategies and the availability of those resources to meet learner needs.
